

NEWARK THREATENED WITH ANOTHER FLOOD

Water of North and South Fork of Licking and Raccoon a Raging Torrent

Families Rescued by Patrolmen With Police Boats ---Water Reaches First Floor of Many Homes in "Oklahoma".

The recent heavy fall of snow combined by the immense quantities of ice and the steady rains of the past few days have caused conditions which have been watched with the greatest anxiety, especially by those living in the lowlands, and by those having interests in the sections of the city subject to floods. That a flood has been imminent, and a big one too, has been apparent to all. Monday night it rained nearly the entire night, and this with the melted snows caused all the streams in the vicinity of Newark to rapidly rise. At noon Tuesday the waters of the Raccoon had overflowed the bottoms, and many people had abandoned their homes, while in the South End the situation was even worse. People living near the creek were early making their preparations to move out.

Reports from all over the county are coming in and are to the effect that the smaller streams are raging torrents and that much damage has already been done, a number of the smaller bridges having been washed out.

Recently Mr. Harry Rosset, of the Board of Public Service, who has been an enthusiastic advocate of the utility of boats in case of floods, drowning, etc., in the city, purchased two new row boats. They are each 18 feet in length, zinc-lined and especially adapted for rough water, and their efficiency was demonstrated Tuesday in a manner that was highly satisfactory to all. Shortly before ten o'clock a phone message was received at the patrol house notifying the officers on duty there that the Log Pond Run in the vicinity of Central avenue, was out of its banks and that a family living in a house near its banks was in great danger, the water rising rapidly and threatening to move the house from its foundations. Officers Charles Cooperider and Jay Sutton made a hurry run with the patrol wagon, but on their arrival at the scene found that they would be unable to reach the house on account of the great mass of ice. They then returned to the station, when Officer Jay Sutton secured Sasser's express wagon and loading one of the boats on the vehicle repaired to the scene where the boat was launched and Officer Sutton gallantly rowed out to the building and rescued the family, which consisted of the father and mother and a son and daughter. Mr. Sutton was too greatly excited to learn the names of the parties he rescued. He is surely entitled to a Carnegie medal. Several other thrilling rescues were made later in this vicinity by the police boats.

The water in the South End Tuesday afternoon had risen across Pataskia street and it was impassable at a number of points. It also covered South Fourth street and in Oklahoma residents in the extreme North End were forced to abandon their homes, the water having risen above the first floors. Many of the residents have moved their household goods to the second floor, while others are prepared to flee at a moment's notice. If the flood does not abate by evening there is great danger that many lives may be jeopardized.

The police department is very active and Chief Zengeler is keeping close tabs on the situation. His patrolmen in the flooded districts are keeping him advised as to the rise and he is prepared to handle the situation at the first sign of danger. The patrolmen are also alert and Chief Busch will render any assistance that may be necessary. The water is almost across the floor of many of the bridges and is only a few feet from the B. & O. bridges.

The residents of "Toxas" are out of from the city and practically have no means of egress. It is the same story over since they lost their right of way across the B. & O. some years ago. Valincham street is covered with water and the stores cannot make their deliveries. Mr. C. C. Beckman has orders piled up for groceries but cannot get through with his machine and as a consequence many families are suffering for the most necessities of life. The situation in "Toxas" is one which should be settled in some manner in the immediate future. Unless the flood abates with the cold weather promised for tonight there

will be much suffering in different parts of the city. Watchmen will be placed on duty tonight at all danger points to notify the proper officials at a moment's notice.

The Ohio Electric Railroad was hard hit at Kinkersville Tuesday morning, caused by a big ice gorge forming just north of the railway bridge. The pressure of the ice was so heavy that the bridge was thrown out of alignment, and all passengers were transferred over the country bridge, which is still standing.

At six o'clock Tuesday morning the Licking river was in flood stage at the mouth of the Raccoon creek, but the water was hardly up to normal beyond Dorsy's Mill, several miles southwest of the city.

At six o'clock Tuesday morning the Drone carriage shop, near the Pataskia street bridge, was out of commission and the water covered the Ketz garden fields.

While the water in Oklahoma was rapidly rising Tuesday morning, it was several feet below the flood stage of 1898, and no danger is apprehended unless the water continues to rise until this evening. A number of families, however, are making preparations to move out at a moment's notice, if necessary.

At three o'clock Tuesday afternoon it was reported that the waters of the Log Pond run had risen to prodigious height and were hitting the bridges. It is thought, however, that the worst is over and that the waters will commence subsiding.

A number of the consumers of natural gas were without gas Tuesday afternoon, owing to the fact that one of the large pipes in the Pataskia creek, that crosses Flomby street, was out of commission. It is expected that the gas will be restored by this evening.

Western avenue was covered with

water at three o'clock and the flood was still rising. Ninth and Tenth streets were covered with water. It was reported that a number of bridges were rocking in various parts of the city shortly before the Advocate went to press.

FLOOD AT WHEELING

Wheeling, W. Va., Jan. 18.—Wheeling creek, emptying into the Ohio river at Wheeling, is on the rampage and has flooded Fairpoint, Barbours, Maryland, Broadside, and all low ground in Bridgeport. The B. & O. bridges at Fairpoint and points west are washed out, causing the annihilation of all trains. Street cars are tied up. Five thousand miners have been thrown out of work.

PROPERTY DESTROYED

Evansville, Ind., Jan. 18.—The Wolf Creek gorge broke at Leavenworth, Ind., this morning and trees and houses near the river were destroyed. It is not known whether there were any fatalities.

NOTICE TO ADVOCATE READERS

Those of our readers who will be unable to receive their paper tonight will be supplied tomorrow or just as soon thereafter as the flood subsides. It will be impossible to reach many in both the North and South Ends as well as in the Western part of the city as the carrier boys are not supplied with boats.

UNITED MINE WORKERS CONVENE AT INDIANAPOLIS

Indianapolis, Jan. 18.—Fifteen hundred miners representing coal mining districts throughout the United States met here today when the annual convention of the United Mine Workers of America convened. The miners were welcomed by Governor Marshall and Mayor Shank and President Tom Lewis responded.

The first day of the convention will

ATTEMPTED SUICIDE.

Mrs. John Freeman of Ohio street attempted suicide last night at 11:30 o'clock by swallowing two-thirds of a half pint of turpentine. Dr. C. P. George was called and succeeded in saving the woman's life. She was dependent on account of trouble which it is claimed she had with her father.

BIG STRIKE OF COAL MINERS

Wilkes-Barre, Pa., Jan. 18.—Fifteen hundred men and boys went out on a strike today at the South Wilkes-Barre colliery of the Lehigh and Wilkes-Barre Coal company because the officials refused to allow them a check-docking bonus. This is the first large strike in the Wilkes-Barre district since the anthracite strike commission was appointed.

COSTLY BIRDS

Management of Sutton Hotel Co. Assessed \$1000 Fine for Having 947 Quail in Storage.

Cincinnati, O., Jan. 18.—As the outgrowth of the seizure by deputy game wardens of 947 quail in storage houses of Cincinnati, E. N. Roth, manager of the Sutton Hotel company, pleaded guilty to the violation of the state fish and game law in justice Woodruff's court yesterday and was fined \$1000 and costs of prosecution. The birds were seized and held as evidence. The Sutton company is controlled by Charles P. Taft and conducts one of the finest hotels in the state.

After the case was settled, it was said that the manager remarked that he would never have another bird in the house.

The officials having the case in charge are well pleased with the outcome. This is the largest fine ever assessed for the violation of the game laws.

Several other cases were continued until next week. After the cases have been concluded all the birds confiscated will be distributed among the hospitals of Cincinnati.

PROBERS ASK FOR COUNSEL

Investigation Into High Cost of Living Will be Thorough

WHITE SLAVE TRAFFIC

May Also be Taken Up by Com- mittee—Thinks Boycott of Meat Should Extend Over State.

Columbus, O., Jan. 18.—How the high cost of living produces recruits for the famous white slave traffic will be investigated by the Williams food price probe committee, if any way to do so can be devised without exceeding the powers conferred on the committee by the Beatty resolution.

The committee will consult today with Attorney General Denman regarding the selection of lawyer to act as probe counsel and regarding the scope of the probe, which the wording of the resolution limits to an inquiry into traffic in food.

The committee will ask the attorney general if it can investigate the coal which goes into the cook stove as being a factor in the ultimate cost of food. It also will ask him if under the resolution examination may be made into such results of the cost of living combined with wages as the white slave traffic.

The effect on girls and women working for a living as a proper line of investigation for the committee to undertake was suggested to Chairman Williams yesterday by Senator Beatty.

"It is a suggestion very worthy of consideration," said Senator Williams. "I will take up the question at the meeting of the committee tomorrow." Senator Beatty said: "Congress is investigating the importation of women for the white slave traffic and the state might well investigate the domestic feature of the traffic, the relation to it of the high cost of food and the low wages paid female employees."

One effect of the probe may be to increase the wages paid by the state to laborers. Yesterday Chief Clerk Louis A. Aleock of the state highway department introduced to Chairman Williams a delegation of laborers employed by Adjutant General Wegbrecht to care for the statehouse and grounds.

"They told the chairman they had hard work to make both ends meet on their wages of \$2 a day. One of them a Marietta Democrat, who came here expecting to land a good political job, but landed on the labor force, pays \$20 a month board and lodging and has to support his wife and two children at Marietta on what is left of his \$48. He thinks the cost of living might be decreased without wrecking the country. "At Columbus prices for food we are unable to provide for our families," the delegation told Chairman Williams.

"I don't see how you get along at all," said the senator, who promised to talk bigger appropriation for laborers in the state employ to the finance committee.

Chairman Williams has faith in the ability of the probe committee to devise some remedial measures for excessive living expenses, but while the probers are on the hunt he suggested yesterday temporary vegetarianism as a practical means to cut down household bills.

"The people can help in the work of forcing down the cost of food," he said, "by using less meat and eating more vegetables." He thinks if the movement among wage-earners in Cleveland to quit eating meat for a time should extend over the state there would be larger surplus in the average pocket at the end of the week, and that the present prices of meat would drop. A movement is on foot among unionists of Columbus to abstain from eating meat in order to hit the beef trust.

It was announced from the governor's office yesterday that such a mass of information and literature was pouring in there, for use by the probing committee which is investigating the present high cost of living, that it was utterly impossible to a knowledge of each communication. All the data, however, will be turned over to the committee at once.

Senator Beatty's mail continues to be loaded with complaints of high prices. Carl Harper of Cleveland has written him that the Belle-Hermon Mapes company, which handles a large part of the milk delivery business of the city, gets a larger gross profit than the producer. Milk retails at 8 cents a quart, of which .0015 cents go to the dairymen and .043 to the retailer.

The committee does not anticipate much trouble in securing information, as so much has been offered it. But Chief Clerk John M. Malloy of the senate yesterday prepared forms of subpoenas for the use of the committee. The subpoena blank includes in the witness summons a requirement to produce (Continued on Page 5, Col. 5.)

MAN MOST RESPONSIBLE FOR NEWARK'S DEPLORABLE PLIGHT STILL FLOUNDERS IN THE WATER WORKS PROBE

At the resumption of the water works investigation Monday afternoon Mr. W. C. Christian, after getting the service of Auditor Wainwright's adding machine, said that it would have cost about \$7,000 more to have constructed the water works plant at the old site than at the new.

"In the beginning of the controversy I was influenced in my decision to change the site by the suggestion from M. M. Taylor.

"As to buying the site, I took advice from J. A. Flory, and the purchase was made after Fred C. Evans had made a transfer of the property in question to the Newark Trust company for \$1. I was, at the time, a stock holder in the Newark Trust company, and owned 25 shares at a par value of \$100, and afterward acquired 25 shares more. The site was purchased from the Newark Trust company after Mr. Evans had secured quit-claim deeds from the heirs to the property.

"The question came to my mind whether my connection with the bank would have any effect on the purchase of the site by the city, and I consulted with Flory & Flory, who said that it would not, and the younger Flory then secured a foreclosure of a previously obtained option, and deeded the land purchased to the city. Because I thought that there might be some question as to the validity of the transfer direct from the Trust company to the city, I consulted Flory & Flory, and got an opinion in writing that the Board of Public Service had a legal right to change the site, and I acted upon this advice.

"I don't recall that under the contract we were authorized to change the site, but took the opinion of Messrs. Flory & Flory on this matter.

"To satisfy me as to the legality of the transfer, the Newark Trust company transferred the land to Charles L. Flory, who then transferred it to the city. I don't know whether or not Charles L. Flory was a member of the Newark Trust company, and I frequently got legal advice to be used by me, personally. I don't think the board of service ever paid Flory & Flory for their opinion, and I consulted them at the request of Henry C. Ulin of the American Light and Water company.

"I did not personally receive any profit from the transaction, but I think that the Trust company still owns a portion of the site that was abandoned, but I don't see that at present this portion could be sold for building purposes at an advance, but it may be that in the future it can be. I still own the stock in the Newark Trust company but if the land was sold, I would only receive my share of the profit derived from its sale by the Trust company.

"I think the appraisal made by Mason of \$7,000 as the value of the old water works plant was reasonable, and don't think that Mr. Sherman's estimate when he went over the distribution system, (which was over \$30,000 more than the Mason estimate) took into consideration the franchise rights.

"I remember that the franchise granted the old water works company, by the city provided for an appointment of appraisers, one to be chosen by the company, one by the city and the third to be chosen by these two. This proposition was

made to our board and was rejected. "I was invited into a conference in this very room and at its conclusion Mr. J. H. Newton said to me that there was a proposition of the old company, that he city could buy the old company's plant. Mr. Newton talked to me as a city official, but neither Mr. Taylor or Mr. McVeigh was present.

"Mr. Newton then asked me to discontinue the laying of pipe mains paralleling those of the old mains, pending a settlement of the question as to the purchase of the old plant. I was not in favor of that time of purchasing the old plant, and told Mr. Newton that the work would have to proceed along the lines as made by the amended contract.

"(This is a false statement on the part of Christian, as others present well know.)

"Mr. Newton met me on the night preceding the election in September, 1907, and said that if I would make a proposition in the press to purchase the old plant at \$200,000, the Advocate would not oppose me or M. M. Taylor in our election next campaign.

"(This statement is absolutely devoid of truth. It is not only false, but absurd, for no proposition by Christian at that time would have been of any value whatever.)

"The election in September was on the proposition to purchase the old plant at \$200,000 and the election for our second term was to be in November.

"Under the ordinance as passed by the council in 1907 for purchase of old water works, which called for the election to determine if the \$200,000 bond issue. The American-Tribune came out in two issues just prior to the election, opposing the bond issue, but it had been understood from Mr. A. C. Hatch of the American-Tribune and Mr. Newton of the Advocate that both papers would support the bond issue.

"I had a conversation with the editor of the American-Tribune regarding the wisdom of the \$200,000 bond issue, after it was decided, and his attitude was non-committal, as I don't think the policy of the paper had yet been determined upon. I was manager of the American-Tribune for eight weeks during the fall of 1909, but never wrote any editorials or articles relative to the water works matter, but did give data requested by those who did write them.

"The plant as contemplated by the Davis plans was \$257,000, which did not include any amounts for engineering services or the drawing of plans and blue prints.

"Under the Riggs & Sherman plans the total cost of the plant would have been something over \$286,000, according to my figures."

TUESDAY MORNING.

W. C. Christian was again on the stand Tuesday morning and his examination by Mr. Heck was continued. The questions were along the line of the Riggs & Sherman plans, any changes and Mr. Christian was asked to go into the figures and he was told he would be allowed to look at all records. In this way the full amount

STATE PROBES WILL BEGIN WORK THURSDAY

Columbus, O., Jan. 18.—The Beatty committee, appointed to probe state affairs, announced today that public hearing will be started Thursday. Summons will be issued at that time for Mark Slater and J. W. Johnson, former public printers, and John L. Sullivan, the present state printer. The lawyers on the committee, are hunting up the statutes pertaining to the public printing office.

The so-called Fire Insurance Trust is next in line for legislative bombardment.

WHAT IS IT?

Something seen in Holland.

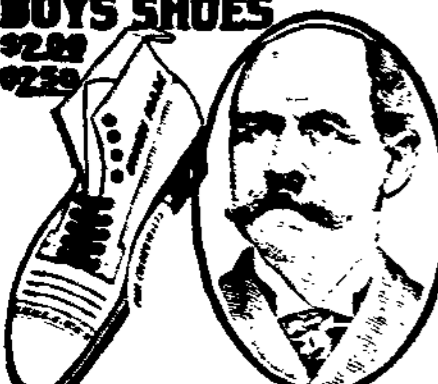

Answer to Monday's puzzle—Bugle.

New York, Jan. 17.—Probably the busiest woman in New York now-a-days is Mrs. Charles W. Morse, wife of the former banker sentenced to serve 15 years in the federal penitentiary at Atlanta for infractions of the national banking laws. In addition to assuming the burden of her husband's still large business inter-

ests, Mrs. Morse is circulating petitions addressed to President Taft, asking for the pardon of the ex-vice king. Mr. Morse's counsel exhausted every resource known to skilled legal ingenuity before giving up as hopeless the fight to save him from prison and nothing remained but an appeal to executive clemency. Mrs. Morse

has taken up her task of looking after Mr. Morse's affairs in a small, unpretentious office in the same building in which the financier engineered one of his shrewdest and most successful deals. In her work she is aided, assisted by Miss Katherine Wilson, formerly confidential secretary and stenographer to Mr. Morse.

FOR WOMAN'S EYE

The Investigators' club was pleas-
 antly entertained on Monday after-
 noon by Mrs. J. S. Oxley of North
 Fourth street and the program given
 consisted of the following numbers:
 "Knowest thou the land where the
 lemon trees bloom."
 Where the orange grows in the deep
 "thicket's gloom?"
 Roll Call—Wit and Wisdom of
 Dixie.
 Song, "Dixie"—The Club.
 Edgar Allen Poe—Mrs. Tenny Rees.
 Review, A Story of the Sunny South
 —Mrs. Meridith.
 Topic of the Day, Sabbath Observa-
 tion—Mrs. Rose Wilson.
 Critic, Miss Olive Orr.
 Mrs. Mey's guests were Mrs. Carl
 Evans, Mrs. Dave Lewis, Mrs. Toni
 Browne, Mrs. E. C. Norris, Mrs. E. T.
 Ruax, Miss Jessie Bartolomew, Miss
 Lillian Miller, and Miss Kathryn
 Schaffer of Gratiot.

A pretty children's party was the
 one given by Miss Mary Simpson at
 her home in West Main street on Fri-
 day in celebration of the thirteenth
 anniversary of her birth. When the
 guests arrived at six o'clock they
 were seated in the dining room at
 small tables decorated with pink and
 white carnations and an appetizing
 three course dinner served. In the
 evening various games were played
 which children most enjoy, among
 them being a progressive contest for
 which the prize was awarded to Ellen
 Avery.

Miss Mary's guests were Grace
 Jones, Edith Halper, Ellen Avery,
 Mabel Baker, Elizabeth Miller, Eli-
 zabeth Spencer, Catherine Long, Ruth
 Robinson, Ruth Hirst, Inez Korb,
 Ruth Evans, Mary Carl, Dwight Mur-
 phy, Gerald Chase, Dale Warner,
 Peter Barouxes, Hurebal Stephan,
 Richard Stevens, Russell Long, Har-
 lem Tiebout, Carlton Sheriff, John
 Criticus, and Harold Wilson.

GOOD ROADS MEETING AT BOARD OF TRADE

Mr. J. S. Wonders, superintendent
 of the State Commission on Good
 Roads, appeared before the Board of
 Directors and the Committee on Good
 Roads of the Board of Trade, the
 County Commissioners and others in-
 terested, and delivered a splendid ad-
 dress on that most interesting of all
 subjects, Good Roads. The matter
 of good roads is being pushed all over
 the country, and already great bene-
 fits have been derived from the im-
 provements already made. Mr. Won-
 ders, Tuesday afternoon, talked on the
 different methods used in improving
 roads, and suggested plans for im-
 proving the roads in Licking county.
 His remarks brought forth quite a bit
 of enthusiasm on the part of those
 present, and no doubt his talk and
 advice will result in much good.

ARE SEEKING NEW LOCATION

A party of nine directors from a
 manufacturing industry in a neighbor-
 ing city, visited Newark in search of
 a location for a large factory, and
 were entertained while here by J. C.
 Harritt, general manager of the Lick-
 ing Light and Power company, and
 Mr. W. C. Wells, secretary of the
 Board of Trade. They were very
 much pleased with the city.

The highest viaduct in the world
 was opened to traffic a few days ago
 by the French Minister of Labor. It
 is situated at Fades, on the Orleans
 railway system. The viaduct is
 144 3-4 yards above the river
 Sioule.

The portion of the city street which
 is subjected to the greatest wear is
 that immediately beside the car
 tracks.

France recently launched the
 largest sub-marine.

HOUSEHOLD ECONOMY

**How to Save \$2 on Cough Med-
 icine by Making It at Home.**

Cough medicines, as a rule, are
 mostly syrup. To make the best syrup,
 take a pint of Granulated Sugar, add
 1/2 pint warm water, and stir about 2
 minutes.

Get two and one-half ounces of
 Pinex (50 cents worth), put it in a
 clean bottle, and fill up with the
 Granulated Sugar Syrup. This makes a
 full pint of unequalled cough syrup,
 for about 54 cents. Keeps perfectly.
 You couldn't buy as much ready-made
 cough syrup for \$2.50.

This home-made remedy is pleasant
 to take, and usually stops even the
 most obstinate cough in twenty-four
 hours. It is splendid, also, for colds,
 whooping cough, bronchial ailments,
 etc. Take a teaspoonful every one,
 two or three hours.

The Sugar Syrup is an excellent
 sedative. The Pinex is the most valu-
 able concentrated compound of Nor-
 way White Pine Extract, rich in all
 the healing elements of Norwegian
 pine. Be sure to use the real Pinex
 itself. Your druggist has it or can
 easily get it for you.

Strained honey can be used instead
 of the syrup, and makes a very fine
 honey and pine tar cough syrup.

WATER WORKS PROBE

(Continued from Page 1.)
 of cost of site number three may be
 obtained.

Further questioning was along the
 line of the cost at sites Nos. 2 and 3,
 and figures were shown on the cost of
 stacks. Christian said the figures sub-
 mitted were the work of Mr. Wells,
 city engineer, who did the work for
 him in 1907.

Three hundred and three yards of
 excavation for the intake well was
 made at 55 cents a yard. No abut-
 ments were figured in Davis plans as
 Mr. Lake had planned an elevated
 track.

Records of the Board of Public Ser-
 vice October 13, 1906, showed instruc-
 tion to American Light and Water
 company in detail under revised Riggs
 & Sherman plan for distribution
 purposes. Resolution differed from
 that of former board passed December
 31, 1905, does not furnish a detailed
 list of the specials, but gives total
 amount of hydrants less the
 original. This resolution is practical-
 ly a repetition of amount in Davis
 contract with reduction in pipe,
 gates, valves and hydrants.

"Our records were more detailed,"
 said Christian. "Our object in passing
 it was to make it a matter of record,
 but it had no other real import.
 There is a clause that covers any er-
 rors in list furnished."

Christian didn't recall that the
 board had the right to increase or
 decrease the amounts necessary, and
 its resolution wasn't really necessary.
 He denied that they worked the same
 as the former board and the only
 benefit was the furnishing an in-
 creased amount of pipes over the
 original.

Records of meeting on May 28, 1907,
 were read in reference to the resolu-
 tion passed in October. Christian
 said that as far as original resolution
 was concerned had no import, but
 was more as a notice to the contrac-
 tor who was quarrelling with the en-
 gineer. Board approved contract of
 October, 1905, but the meeting dealt
 with a dispute and the A. L. & W.
 Co. furnished the necessary specials.

In regard to the questions of the
 sites which were referred to yester-
 day, a question was overlooked.
 Mr. Heck asked about date board
 took final action on third site, and
 Mr. Christian said it was October 15,
 1906, and that he favored change of
 location and voted for it, but the re-
 cord showed he voted against it. Said
 that he made a mistake in the date
 and corrected himself. The record
 showed an error had been made but
 Mr. Christian said there was just a
 mistake. Mr. Heck asked if mistakes
 in records were made by erasures in-
 stead of being noted at the next meet-
 ing. Mr. Christian admitted a mis-
 take was made, but said the clerk
 made the change between meetings.

Mr. Christian said that he knew a
 change in the records should be made
 but not by erasure, although this was
 done, but through the board, and
 that a mistake should be noted in the
 records of the next meeting.

The record of October 15, 1906, was
 read showing the moving of pipe,
 and why it was done. Mr. Christian
 said the main led from the pump
 station through several streets to Lo-
 cust; pipe was distributed, and when
 change was made to Riggs & Sher-
 man it required the moving of pipe
 and men were employed at 80c a
 section of pipe to move it from Hud-
 son and Oak to Maple ave. thought it
 would save money, for to hire by the
 day would cost \$4.50.

Further records were read by Mr.
 Christian, who was asked for infor-
 mation about the conference. Said that
 Joseph Howard, William Howard, Mr.
 Reads of Pittsburgh, and B. F. McDon-
 ald, Mr. Smith of Riggs & Sherman
 and City Solicitor Bolton were pres-
 ent to investigate status of Phoenix
 Construction company, and that ob-
 jection was made to their work, and
 who had not the skill or equipment to
 do the work properly.

Said December 12, 1906, the board
 refused to approve contract between
 American Light and Water company,
 and the Phoenix Construction com-
 pany, which was a sub-contractor for
 the laying of pipe, and the board ob-
 jected to the contract and ordered the
 A. L. & W. Co. to discontinue the
 contract for the work was slow and
 not satisfactory to the engineer.

Mr. Heck asked why board should
 interfere between the A. L. & W. Co.
 and the other company, and Mr.
 Christian said there was a clause that
 the board could approve or disapprove
 the contract and contracts. Said the
 contract was made between one com-
 pany in September. He said he never
 approved of the contract.

"The idea of that clause was that if
 sub-contractor wasn't performing
 work properly the board could inter-
 fere in the matter. We thought the
 Phoenix company was the A. L. & W.
 Co. doing the work, and we didn't
 find out later," Mr. Christian contin-
 ued.

He said the contractor would be
 held responsible for work of sub-con-
 tractor, and that the instance where
 they objected was the only one he re-
 membered. He denied serious trouble
 with pipe in erecting building and de-
 nied that board forgot the time clause
 in the contract and that they rushed
 it as fast as possible. Work of ex-
 cavating started in March, 1907, and
 was completed in about a year. There
 were no serious delays and the work
 on building was slow.

Mr. Christian said the matter of de-
 lay was taken up by the board, but
 it might not be shown in the minutes,
 which were frequently wrong, and
 sometimes the mistakes were not re-
 corded by the board. He said he did not
 recall any resolution in approving
 sub-contracts.

He said that if all work was done
 by sub-contractors he didn't know it
 and he said that he understood Mr.
 Healey represented the firm, but while
 matter was talked over no action was
 taken by the board.

He said that if he had known the
 A. L. & W. Co. he wouldn't have en-
 tered into a contract with them. Mr.
 Christian was asked about meeting
 of January 21, 1907, in which the lead
 in the pipe joints were talked over,
 and that three inches of lead instead
 of two inches were necessary. He
 said that the board wanted a good job
 but the A. L. & W. Co. wasn't giving

An Elegant Matchless Sale of Spring's Newest Ideas in White Shirtwaists

This is the Zenith of Bargain Giving

Never before was such a grand opportunity as this given to any merchant, to offer his friends and patrons the real values we do tomorrow. Our foresight and ability to grasp a good thing when we see it, enables us to offer you the result of this mighty purchase, consisting of six hundred of this spring's latest creations in White Shirtwaists. No doubt all of you have read of the great Shirtwaist Strike now going on in the East. It has grown to such proportions that future deliveries on these will be impossible. Owing to these troubles one of the leading jobbers in the country was forced to sell his first shipment, which he secured before the strike, as no others could be had. This large and beautiful assortment was entirely bought up by us, giving you a grand opportunity to buy your summer waists now at less than COST. Remember every waist in this large lot is positively next Spring and Summer's styles—the same styles you will pay from three to four times more next June. In this magnificent array of Six Hundred Waists, there are about twenty beautiful styles to select from—white, lacey beauties that will appeal to all lovers of good things. These waists were made to sell from \$1.50 to \$3.50, but as we bought them at a greatly reduced price, we are going to give you the same benefit, by placing them on sale tomorrow,

Give Your Boy Spending Money

Of course you give your boy some spending money, because such a course is not only reasonable, but wise. Wouldn't it be also a good idea to give him some savings money?

The boy who gets only spending money, be it little or much, is far more likely to develop into a spendthrift, and then in the end you may feel that you are partly to blame for such a result. Why not give him a Savings Book, with a small sum entered in it as a starter? And then take an interest in it, encourage him to add a little to it from time to time; figure the interest with him; note the interest additions when the bank enters them in his book; show him that you are concerned not merely about his little joys of today, but also and seriously about his future success and happiness.

Think this over. And then remember that we are always glad to open such Savings Accounts, for even as little as one dollar.

OBITUARY

MARTHA JANE WALSER.

Martha Jane Cooperider, daughter of Samuel and Susanna Cooperider, was born in Bowling Green township, Licking county, Ohio, on November 27, 1835. Her God-fearing father, according to the will of God, dedicated her to the Triune God, by the holy rite of baptism.

After being instructed in the saving truths of God's word, she renewed and ratified the promises made at her baptism by the solemn rite of confirmation administered by the Rev. H. A. Becker, on the 12th of May, 1871, in the Good Hope Evangelistic Lutheran church. She remained faithful to her confirmation vow until her death.

On April 30, 1874, she was united in marriage to Francis M. Walsen, of Newark, Ohio. They were blessed with five children, four daughters and one son: Mary, now Mrs. Martin Bowers, of Newark, O.; Laura, now Mrs. Wm. Chappelow, of Gratiot, Mich.; Sarah, now Mrs. Chas. Lawrence, near Jacksonville, Mo.; now Mrs. Hermann Hupp, of Thornville, and Pearl, who still lives at home.

Mother Walsen departed this life December 24, 1909, aged 74 years, 1 month and 27 days. Truly she was a patient and long sufferer. For four long years she has suffered, being confined to her house almost all the time. Human hands did all they could to bring relief. One month before her death a heroic attempt was made to bring relief by taking her to the hospital at Columbus. But no relief was to be had there.

While in Columbus she was visited by the Rev. C. W. Beckman, who administered the Lord's supper to her. Truly her soul was homesick for Heaven. She realized to a very marked degree that the Lord was with her. She was a verily believe, a Christian. She leaves to mourn her loss her husband, four daughters, one son, two brothers, two sisters, and a host of friends.

"Whatever God ordains is good; He never will deceive me; He leads me by the proper path; I know that He will not leave me." What He has sent: His hand which sends my sadness Will turn my tears to gladness.

On Sunday, the 26th of December, 1909, after a funeral service by her pastor based on Ps. 73:23-24, we gently laid her body in its last resting place in the Good Hope cemetery. The floral tributes were many and beautiful.

C. J. E. Lautenschlager, Pastor.

CARD OF THANKS.

I thank my dear friends and neighbors who so kindly helped me during the sickness and death of my husband; also the kindness shown me by the old comrades, and for the beautiful flowers from friends and the Relief Corps, also for the beautiful flag sent by his lodge of Loyal Legion of Cincinnati. Wife, Viola Whitten and Family.

CARD OF THANKS.

We wish to extend our greatest thanks to all our friends who were so kind to us during the sickness and death of our dear daughter Nora, also for the many beautiful flowers and kind words of sympathy. W. P. Weiss and Family.

ENDS BACKACHE AND ALL OTHER KIDNEY MISERY

A Few Doses Now Will Make Your Out-of-Order Kidneys Act Fine. Bladder and Urinary Troubles Simply Vanish.

The most effective and harmless way to cure backache and regulate out-of-order kidneys, or end bladder trouble, is to take several doses of Pape's Diuretic.

You will distinctly feel that your kidneys and urinary organs are being cleaned, soaked and vitalized, and all the miserable symptoms, such as backache, headache, nervousness, rheumatism and lumbago pains, inflamed or swollen eyelids, irritability, sleeplessness, or suppressed, painful or frequent urination, especially at night, and other distresses, leaving after taking the first few doses. The moment you suspect any kidney or urinary disorder, or rheumatism, begin taking this harmless preparation as directed, with the knowledge that there is no other medicine, at any price made anywhere else in the world, which will effect so thorough and prompt a cure as a fifty-cent treatment of Pape's Diuretic, which any druggist can supply.

Your physician, pharmacist, banker or any mercantile agent will tell you that Pape's Diuretic is a safe and reliable medicine, in a large and responsible medicine concern, thoroughly worthy of your confidence.

Don't be miserable or worried another moment with a lame back or clogged, inactive kidneys or bladder misery. All this goes after you start taking Pape's Diuretic, and in a few days you feel and know that your kidneys, liver and urinary system are healthy, clean and normal, and all danger passed.

Accept only Pape's Diuretic—fifty-cent treatment—from any drug store—anywhere in the world.

SKIN DISEASES READILY CURED BY A SIMPLE HOME TREATMENT. Persons who are suffering from blackheads, pimples, dandruff, eczema, tetter, ringworm, or any form of skin disease, often ask the question, "Is there a cure?"

Mr. T. J. Evans, the druggist, says "yes, there is a cure." ZEMO, a scientific, clean, liquid preparation for external use, gives prompt relief and permanently cures every form of skin and scalp disease. ZEMO draws the germ life and poisons from underneath the skin to the surface and destroys them and in this way effects a complete cure of any form of skin or scalp disease, whether on infants or grown persons. Mr. T. J. Evans will show you proof of many remarkable cures made by ZEMO and will gladly explain to you how you can be cured by this clean, simple home treatment.

A Wretched Mistake to endure the long, painful distress of Piles. There is no need to. Listen: "I suffered much from Piles," writes Will A. Marsh, of Silver City, N. C. LEGAL NOTICE. State of Ohio, in King County: Probate Court: A. William Claude Davidson, Plaintiff, vs. Catherine Davidson, Defendant.

The defendant, to reside at No. 23 West 65th street, City of New York, State of New York, will take notice that on the 15th day of December, 1909, the plaintiff here filed his petition for divorce against her in the Probate Court of Licking county, Ohio, charging her with habitual drunkenness and gross neglect of duty. Said petition will be for hearing in said court on and after six weeks from the filing of said petition.

'Time's Flight Turned Backward' SAGE AND SULPHUR Made Her Look Twenty Years Younger

READ MRS. HERRICK'S SWORN STATEMENT

STATE OF NEW YORK } ss
COUNTY OF MONMOUTH }
ROCHESTER, N. Y.

Nancy A. Herrick, being duly sworn, deposes and says: When I was a girl, I had a head of heavy, long, dark brown hair which was the envy of my schoolmates, and which attracted the attention and remarks of strangers. As I grew older, my hair commenced to come out, just a little at first, but gradually more and more, and then began to turn gray. I was induced by the many good reports I had heard of Wyeth's Sage and Sulphur Hair Remedy to try a bottle. My hair was quite thin and gray when I began using Sage and Sulphur, and you can imagine my satisfaction when I found that it was fast coming back to its natural condition, being thicker, darker and more glossy than it had been for a long time. I continued to use Sage and Sulphur, and my hair is now as heavy, dark and smooth as when I was a girl of sixteen. It is now four years since I commenced using Sage and Sulphur, and my hair is still in splendid condition.

Subscribed to before me this 18th day of July, 1910.

LICKING.

The meetings here will close owing to sickness in the neighborhood. We were to have meetings all last week, but the gas froze up and there was no other heat and light in the church.

Mr. Sanford Black, who has been in Kansas the past month, returned home last Thursday evening.

Mr. Roy McCall of O. S. C. and Miss Maud Orr spent Sunday at the J. R. Black home.

Mr. Ralph Melkie and Miss Gertrude Black spent last Monday in Columbus. Among the sick in the neighbor-

hood are Mrs. Sanford Buckland, Mr. B. F. Haynes, Mrs. Hand, Edgar Evans, Barbara Rees and all the children of Mr. Clarence Lawyer. Mrs. Hand's condition remains unchanged.

Mr. R. L. Black and wife spent Saturday afternoon in Newark.

Mr. and Mrs. Samuel Taylor and a friend who is staying there, spent Tuesday evening at the home of J. R. Black.

Mrs. Jessie Brown of Granville and Miss Bessie Ridenbaugh of Port Washington, spent Wednesday at the home of the former's sister, Mrs. Black.

Mr. Israel Rees of Hebron called on relatives near this place Saturday.

James and Willard, sons of Mr. and Mrs. Tom Sleumb are victims of measles, as is also Miss Mary Stone.

Mr. and Mrs. Frank Helmke and sons, accompanied by several others from Newark among them being Mr. Boila Armentrout, attended services last Sunday evening. Mrs. Helmke favored the people with several solos.

**Free Sample
For Baby's Ills**

Something can and must be done for the puny, crying baby, for the child that refuses to eat and is restless in its sleep. And since the basis of all health is the proper working of the digestive organs, look first to the condition of the stomach and bowels.

A child should have two full and free movements of the bowels a day. This emptying of the bowels is very important, as with it comes a clear head, a lightness of step, good appetite and sound sleep. But it is equally important to know what to give the child in the emergency of constipation and indigestion. Cathartics are too strong and salts and other purgatives are not only too strong, but the child refuses them because of their bad taste. Have you ever tried Dr. Caldwell's Syrup Pepsin? It is a liquid tonic that families have been using for a quarter of a century. It is mild, pleasant-tasting and promptly effective. It is good for you as well as the child, but there is nothing better to be found for children. They like its taste and you will not have to force them to take it.

First of all, if you have not yet used it, Dr. Caldwell would like to send you a sample bottle free of charge. In this way you can try it before buying. Later, when convinced of its merits, you can get it of your druggist at fifty cents and one dollar a bottle, just as thousands of other families are doing. The family of Mr. D. W. Shangler of Strattonville, Pa., as that of Mr. A. F. Johnson of Walnut Grove, Penn., started with it that way and now write that it is their one family necessity next to food itself. If you are unfortunate enough to have a sickly child, one given to constipation and indigestion, you should send for a free sample of this remedy.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels, absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on postal card or otherwise. For further request the doctor's address is Dr. W. Caldwell, 1616 Caldwell building, Monticello, Ill.

seriously sick the past week, does not seem to improve very rapidly.

Mrs. Evans and son Edgar spent Saturday and Sunday in Columbus.

Rev. Mr. Evans will go to Caldwell this week to assist Rev. Mr. McCall in meeting. It is possible they will exchange pulpits next Sunday.

Mr. and Mrs. Howard Ford spent Saturday evening with Karl Foster and wife.

BASEBALL.

Manager Jennings of the Detroit Tigers, has planned to take 34 men to St. Antonio, Tex., early in March as follows: Pitchers Browning, Donovan, Hardin, Kilian, Lelivelt, Mullin, Perrell, Savage, Smith, Speer, Stroud, Summers, Vance, Willett and Works; catchers Schmidt, Stange, Beckendorf and Casey; infielders Bush, Moriarity, Delehan, T. Jones, Kiris, Lister, Nees, O'Leary and Simmons; D Jones, Drake and Ball.

Infielder Billy Cranston of Avoca, Pa., has received word that the Memphis (Texas) club, with which he played last season, has sold him to Brooklyn. He will be given a chance in the infield during the spring practice with the Dodgers.

Frank Chance is enthusiastic over Roy Miller, the young infielder obtained from the Pacific Coast league. He expects the kid to beat one of the veterans, Steinfeldt or Tinker, for a regular berth.

Jack Chesbro has finally reached the end of his tether. By turning him back to the Yankees Boston practically kicked him into the minors.

Lajole, Wagner and Cy Young have exhibits in the Youngstown, O., poultry show and each man is betting on himself to get the top awards.

The National league umpires will ask for more pay if the 168-game schedule goes.

In spite of denials Mugsy McGraw and Manager Lake of the Boston Doves, have had a talk over a deal. Lake only needs about 12 men to give him something to build up a team on, and he hopes to get a few from the Giants.

Baseball experts figure that three pitchers, three infielders and two outfielders and a spare catcher will help the Doves a whole lot. The mascot they now have is O. K.

Bugs Raymond, the New York Giant pitcher, is at his home in Chicago, just \$1,700 short of a promised \$1,200 salary, as that was the amount of fines that Manager McGraw put on this pitcher last season. This is the record for fines in one life-time.

Tom Jones the veteran first baseman of the Detroit Champions, is heralded as the 1910 manager of the Johnstown Tri-State team. Jones was after the managerial reins of the Syracuse team, but Monte Cross had already landed the job.

Saved at Death's Door.

The door of death seemed ready to open for Murray W. Ayers, of Transit Bridge, N. Y., when his life was wonderfully saved. "I was in a dreadful condition," he writes, "my skin was almost yellow; eyes sunken; tongue coated; emaciated from losing 40 pounds, growing weaker daily. Violent fire trouble pulling me down to death, in spite of doctors. Then that matchless medicine—Electric Bitters—cured me. I regained the 40 pounds lost and now am well and strong." For all stomach, liver and kidney troubles they're supreme. 50c at F. D. Hall's drug store.

AMUSEMENTS

"SWEET CLOVER"

The Nancy Boyer Stock company opened a week's engagement at the Auditorium theatre on Monday evening, playing to a capacity house, although this is their second appearance here this season.

Many repertoire shows have visited Newark, but few have been seen here as often and witnessed with as much real pleasure as the Nancy Boyer company, for which facts the great credit is due Miss Boyer herself, who is as dainty and charming a bit of femininity and as clever a little actress as one would care to see. Plays that are much above the standard of the usual week runs, have been selected as vehicles for the star, and they are invested with a wealth of scenery.

"Sweet Clover" was the offering at yesterday's matinee and at the evening performance, and is the old love theme very prettily told. Miss Boyer portrayed the role of a country lass who marries against her own wishes to please her father, and who is unhappy and longs for the short dream, but the dream is dispelled by the fact

THE ORPHEUM

The first three days of the Orpheum theatre this week will present an excellent looking. George Hurz in novelty bag pinching gives an exhibition which is both pleasing and instructive. The Yankee Quartette in harmony staid were repeatedly cheered and responded with a number of popular selections. Defur and Estes in a singing and dancing duo have a nice act which drew its share of the applause. The big hit of the evening, however, was Fred and May Waddell in a novelty comedy club juggling act. Both are artists of a high class and their work merits everything good that can be said of them. The pictures proved interesting and attractive.

HAS MANY FRIENDS

Sullivan has had a hard life. He has been at the point of death more than once. He has squandered a fortune several times, but no matter what the man does, he has a coterie of friends who would lose a hand to do him a good turn.

Sullivan is the most popular fighter who ever appeared in the ring. That

mer lover, himself, and she turns to her husband.

The second act was especially pleasing and permitted of some pretty costumes, and Miss Boyer took advantage of this, appearing in one of the many gowns that have helped to make her such a favorite.

Mr. Nell Hickey again appears in support of Miss Boyer, and is the same likeable actor and that he also is popular with the Newark audience was shown by the applause that greeted his appearance. Mr. Testa appeared in a comedy role last night, and others of the old favorites were Leah Nelson, Ethel Estes, Edward Barton and Clifford Hyde.

The bill for tonight is one of the best plays presented, being Adelaide Hurston's success portrayal, "The Girl From Oyster Bay," and indications are for a record sale.
